

Specifications

|                               |  |
|-------------------------------|--|
| AC Voltage Range              | 19 to 1000   |
| DC Voltage Range              | 5 to 1000  |
| Resistance                    | 0 to 50K ohm   |
| Calibration Frequency         | 45 to 65 Hz  |
| Safety Rating                 | CAT III 1000V, CAT IV 600V   |
| Display                       | LCD with Dual Color LED  |
| Battery Type                  | AAA  |
| Standards                     | C/US UL  |
| Includes                      | TC-5 Carrying Case, Test Leads and Carrying Case, TSG-3 Sure Grip Test Leads |
| Manufacturers Warranty Length | Lifetime   |
| Special Features              | Ergonomic Design, Extended Hold, Shaker On/Off Option                        |
| GFCI Test                     | Yes  |
| Non-Contact Voltage Detector  | Yes  |
| Audible Continuity            | Yes  |
| DC Polarity                   | Yes  |
| Data Hold                     | Yes  |
| Weight                        | 0.4309124 KG   |
| Weight                        | 0.4309124 KG   |
