

**Tee, Forged Steel, 3/4 in x 3/4 in x 3/4 in  
Fitting Pipe Size, Class 3000**

Brand: Anvil  
SKU: 0361119803  
Warranty: 0

Specifications

|                                     |                                                            |
|-------------------------------------|------------------------------------------------------------|
| Pipe Fitting Material               | Forged Steel                                               |
| Class                               | Class 3000                                                 |
| For Pipe Schedule                   | 160                                                        |
| Fitting Side A Nominal Pipe Size    | 3/4 in                                                     |
| Fitting Side A Gender               | Female                                                     |
| Fitting Side A Type                 | NPT                                                        |
| Fitting Side B Nominal Pipe Size    | 3/4 in                                                     |
| Fitting Side B Gender               | Female                                                     |
| Fitting Side B Type                 | NPT                                                        |
| Fitting Side C Nominal Pipe Size    | 3/4 in                                                     |
| Fitting Side C Gender               | Female                                                     |
| Fitting Side C Type                 | NPT                                                        |
| Maximum Operating Pressure          | 2,000 psi @ 150 Degrees F                                  |
| Includes Pre-Applied Thread Sealant | No                                                         |
| Includes Seal                       | No                                                         |
| Color                               | Black                                                      |
| Application                         | Natural Gas, Oil                                           |
| Standards                           | ASME B16.11, ANSI B1.20.1, ASTM A105, ASTM A350, ASTM A182 |
| Weight                              | 0.87 KG                                                    |
