

**Micrometer Torque Wrench, Foot-Pound,  
Drive Size 1 inch, Torque Range 140 ft-lb to  
700 ft-lb**

**Brand:** Proto  
**SKU:** J6022B  
**Warranty:**

#### Specifications

|                                  |                                |
|----------------------------------|--------------------------------|
| Torque Measurement Type          | Foot-Pound                     |
| Drive Size                       | 1 in                           |
| Torque Range                     | 140 ft-lb to 700 ft-lb         |
| Torque Increments                | 2 ft-lb                        |
| Primary Scale Minimum Torque     | 140 ft-lb                      |
| Primary Scale Maximum Torque     | 700 ft-lb                      |
| Head Type                        | Standard                       |
| Ratcheting                       | Yes                            |
| Rotation                         | Clockwise and Counterclockwise |
| Torque Adjustability             | Adjustable                     |
| Tether Style                     | Tether Capable                 |
| Clockwise Accuracy               | +/- 4%                         |
| Counterclockwise Accuracy        | +/- 6%                         |
| Corrosion Resistant              | Yes                            |
| Insulated                        | No                             |
| Nonsparking                      | No                             |
| Calibration Certificate Included | No                             |
| Extended Data Testing            | No                             |
| Torque Limiting Mechanism        | Click-Type                     |

|                               |                                    |
|-------------------------------|------------------------------------|
| <b>Torque Setting</b>         | Adjustable                         |
| <b>Visual</b>                 | Audible Indicators / Audible Click |
| <b>Finish</b>                 | Chrome                             |
| <b>Material</b>               | Alloy Steel                        |
| <b>Handle Type</b>            | Knurled                            |
| <b>Handle Material</b>        | Alloy Steel                        |
| <b>Handle Color</b>           | Silver                             |
| <b>Dual Scale</b>             | Yes                                |
| <b>Min. Arc Swing</b>         | 15 Degrees                         |
| <b>Min. Number of Cycles</b>  | 5,000                              |
| <b>Number of Geared Teeth</b> | 24                                 |
| <b>Overall Length</b>         | 46 3/4 in                          |
| <b>Overall Width</b>          | 2 5/16 in                          |
| <b>Includes</b>               | (1) Case                           |
| <b>Standards</b>              | ASME B107.300-2010                 |
| <b>Weight</b>                 | 3 lb                               |
| <b>Head Movement</b>          | Ratcheting                         |
| <b>Weight</b>                 | 8.89 KG                            |
| <b>Weight</b>                 | 8.89 KG                            |
